

Reform Vital Health Academy

Developer Brief

Goal: Build the most trusted online destination for health optimization. This should be a premium educational hub—not a traditional blog.

Branding

Rename 'Blog' to 'Health Academy' (preferred), Learning Center, Knowledge Center, or Resource Library.

Core Categories

Longevity; Weight Optimization; Hormone Optimization; Nutrition; Advanced Labs; Sleep; Performance; Heart Health; Men's Health; Women's Health; Peptide Education; Gut Health; Mental Wellness; Supplements; Healthy Recipes; Physician Insights.

Each Category Should Include

Beginner guides, FAQs, physician-reviewed articles, actionable tips, visuals/infographics, related articles, and a clear CTA to schedule a consultation.

~~Interactive Tools~~

~~BMI Calculator, Protein Calculator, Water Intake, Macro Calculator, Healthy Weight Range, Biological Age Quiz, Sleep Assessment, Longevity Risk Assessment.~~

~~Downloadable Guides~~

~~Create premium PDF guides: Longevity Blueprint, Executive Health Guide, Weight Optimization Guide, Hormone Health Guide, Understanding Your Labs, Healthy Aging Handbook, Sleep Guide, Nutrition Playbook.~~

~~Success Stories~~

~~Focus on outcomes: increased energy, improved biomarkers, healthier lifestyle, better fitness, sustainable weight management, confidence, healthy aging.~~

Monthly Content

Publish a monthly Reform Vital Health Report covering research, longevity, nutrition, exercise, physician commentary, seasonal wellness, and FAQs.

Writing Style

Simple language, physician-reviewed, evidence-based, educational first, sales second. Every article should answer: What is it? Why does it matter? What can I do? When should I talk to a physician?

Design Recommendations

Premium editorial layout inspired by Function Health. Large typography, lots of white space, clean icons, high-quality imagery, callout boxes, related content, downloadable resources, and sticky navigation.

Primary Objective

Position Reform Vital as the authority on longevity and preventive health so visitors return for education—not just prescriptions.
